

To Whom It May Concern

This will advise you that we have used the services of Isabel Oliviera and her company Spotless Janitorial for approximatey three years. Prior to that we had about 5 different cleaners in 5 years. When we found Isabel we were clearly frustrated with the poor cleaning job and also with the cleaning done in a timely fashion. I own a business and work with 15 women. I was constantly hearing about how poor the job was being done. That is why we had so many cleaners in so short a time. Poor cleaning affected staff moral.

Since Isabel has taken over, we have been very pleased with her service. There have been virtually no complaints. Communication between Isabel and our staff has been very good. Coming to a clean office certainly does help staff moral.

Her staff are very punctual. Very friendly and helpful. They do an excellent job cleaning and we have had no issues whatsoever in the time Isabel has been in charge of our cleaning.

We know it will get done in a timely fashion to our high expectations. In other words as owner Isabel is able to give us" peace of mind" knowing that we can depend on her and her staff to do a great job.

We would not hesitate in recommending Isabel Oliviera and her company.
