October 31, 2008

Dearest Isabel;

Thank you so much for the letter letting us know that you are in your 25th year of business. It is an accomplishment these days to be in business for that long and be consistently fantastic at what you do.

We have for 10 years, noticed and appreciated the cleanliness in which you complete your task. Our offices are always "spotless" and your people have always taken great care to make sure that they stay that way. These offices are left pretty messy as we are a label company and with paper to ink, everything is put in it's place and cleaned thoroughly.

I would be happy to recommend your services to everyone both customers of fellow business associates and mine.

With thanks,
Peter M. Lunny
